Market Perception

"We've worked with Philippe Weber, Thomas Brönnimann and Andrea Rüttimann. They are all accessible within the shortest period of time, listen carefully to see that they understand our issues without any waste of time and spend time to solve the problem, not to describe it. They provide solutions in shortest time, which they help to execute. They are personally a pleasure to work with and have the seniority to face any topic coming up." (Chambers 2024)

"Andrea Rüttimann is a senior associate who previously worked at the SIX stock exchange. Thanks to her practical experience, she provides very helpful support on all related matters." (Chambers 2024)
