Expertise

Yannick Wettstein specializes in the regulation of financial services and the structuring, issuance, distribution and listing of investment funds, structured products and other financial instruments. He advises Swiss and foreign banks, investment funds and their management companies, asset managers, investment advisors, distributors and pension funds on the Swiss regulatory and civil law requirements applicable to their organization, services and products. Yannick frequently represents clients in regulatory proceedings before the Swiss Financial Market Supervisory Authority (FINMA), the Occupational Pension Supervisory Commission (OPSC) and SIX Swiss Exchange.
